## (54) WEFT KNITTING MACHINE

## (57)Abstract:

PURPOSE: To enable not only synchronous drive of both the carriages but drive of only one carriage by equipping respectively different driving systems on the carriages arranged in a mutually nonlinked state respectively to a pair of needle beds mutually facing to each other forth and back.

CONSTITUTION: Carriages 6 and 9 arranged in a mutually nonlinked state respectively to a pair of needle beds 2 and 3 facing to each other forth and back are equipped with respectively different drive systems 41 and 42 linked to a driving source. Not only synchronous reciprocating motion of the carriages 6 and 9 but stopping of transfer of one carriage using a clutch, etc., can be carried out by the driving systems 41 and 42.

## LEGAL STATUS

[Date of request for examination]

[Date of sending the examiner's decision of rejection]

[Kind of final disposal of application other than the examiner's  
decision of rejection or application converted registration]

[Date of final disposal for application]

[Patent number]

[Date of registration]

[Number of appeal against examiner's decision of rejection]

[Date of requesting appeal against examiner's decision of  
rejection]

[Date of extinction of right]
